

Hi Spotter(Android) - Task #27500

List reports by watch area

11/11/2020 17:20 - Oleksandr Sheveriaiev

Статус:	Deployed	Дата начала:	11/11/2020
Приоритет:	Normal	Дата завершения:	
Назначена:	Oleksandr Sheveriaiev	Готовность:	0%
Категория:		Оценка трудозатрат:	0.00 час
Спринт:	#5	Version:	
Responsible QA :		Second developer:	
QA Notes:	Please enter here checklist with testcases:		
Issue from customer:	Нет		
Описание After the search is applied or based on the proposed list of events from the home screen, User can press on any Report and see it's detailed. On top User can see the map with the Report location and the route. User can expand the map to check more details on full screen. User can see the Organiser of the Report. Can press on the Organiser's name and get redirected to his or her Profile. Can see the list of users who are reporting issues. Reports description, images, any other text information about the report. There should be an option to save solved Report so that User can rate the report and leave the feedback.
