Описание The objective of this task is to implement a logic that jobs will be renewed if they have expired. Design/Text Specifications For the confirmation of the automatic renewal please implement a new line between Application time and Link to your website. Font design: #1 15px Open Sans bold #2 15px Open Sans regular Texts: DE: "Automatische Verlängerung" "Bewerbungsfrist wird nach Ablauf automatisch um 30 Tage verlängert" ENG: "Automatic renewal" "Application time will be automatically renewed for 30 days after expiration" Please take care of "Automatic renewal", the designs incorrectly state "Automatic renew" The Checkbox is checked per default. If Checkbox is checked: After expiration date is reached, expiration date will be set to 30 days in future. Customer will get an email with this text. (#1) If Checkbox is unchecked: If expiration date will be reached in 3 days, this email will be send to customer (#2) Acceptance Criteria: #1 GIVEN: That a user has checked Automatic renewal WHEN: Expiration date will be reached THEN: expiration date will be set to 30 days in future. AND: Customer will get an email with this text. (#1) #2 GIVEN: That a user has unchecked Automatic renewal WHEN: Expiration date will be reached in 3 days THEN: this email will be send to customer (#2)
